REDEFINE TIME

Paddleboard from your residence at sunrise, snorkel on one of the Maldives' most pristine reefs from the terrace of your private sanctuary or take an underwater scooter and glide between corals teeming with schools of tropical fish. For the adventurous try our bioluminescent night snorkel and marvel at burning red feather stars, green glowing brain and mushroom corals.

Explore Lhaviyani Atoll to search for manta rays in association with Manta Trust on a speedboat, guided by your own marine biologist. Drop onto a seagrass beach and see the wonderful hawksbill and green sea turtles. Escape to your private sandbank - Dream Island - to enjoy a sumptuous picnic, turquoise waters and white powder sand or even a personal kite-surfing experience.

Awaken your inner explorer and cruise the surrounding turquoise waters in search of uninhabited islands, hidden beaches and dolphins at sunset.

The waters of the Maldives offer some of the best fishing in the world, and there are few pleasures as completely satisfying as hearing the 'whirr' from your reel as your quarry takes off. Nothing tastes more satisfying than your own freshly-caught sushi or chargrilled tuna steak, and when you provide the fish, we will provide the chef! Trawl for sailfish and tuna or jig and pop for giant trevally and barracuda, for those who prefer fly fishing, we have the perfect spot for bonefish.

EFFORTLESS ADVENTURES

Even before you have left home, your butler will be in touch to guide you through all the fantastic dive sites that can be visited and take your size for snorkel and dive equipment. On arrival, your butler will be ready to fine tune your plans for your visit and then escort you to your personalised experience on our Luxury Dive Dhoni. We also offer the opportunity to sail by luxury yacht to Noonu Atoll and the UNESCO biosphere reserve at Hanifaru Bay at an additional charge.

Lhaviyani Atoll is famous for its channel shark dives by scooter. We also have rebreathers available for those certified. Surf fanatics wishing to ride an exclusive wave will be thrilled to be taken to a secret spot in the south of the atoll by speedboat. For the professional or the novice, our kitesurfing school can have you airborne within a couple of days.

Kudadoo also features world's fastest growing racket sport known widely amongst the tennis sport community and for those who have a desire for endurance sports. An offshoot of tennis, the padel tennis court is smaller than the tennis courts. An energizing racquet sport, it combines the elements of tennis, squash and racquetball and uses a solid padel with air holes as racquets. It is an ideal sport for all ages and skill levels. As the game is played in doubles, it makes a great family or couples activity.

WORKOUT AT THE RETREAT

In addition to a full range of fitness equipment overlooking the turquoise lagoon, the fitness centre also features a private sauna and steam room, shower and dressing room facilities for men and women as well as the Himalayan salt room.
